Installation

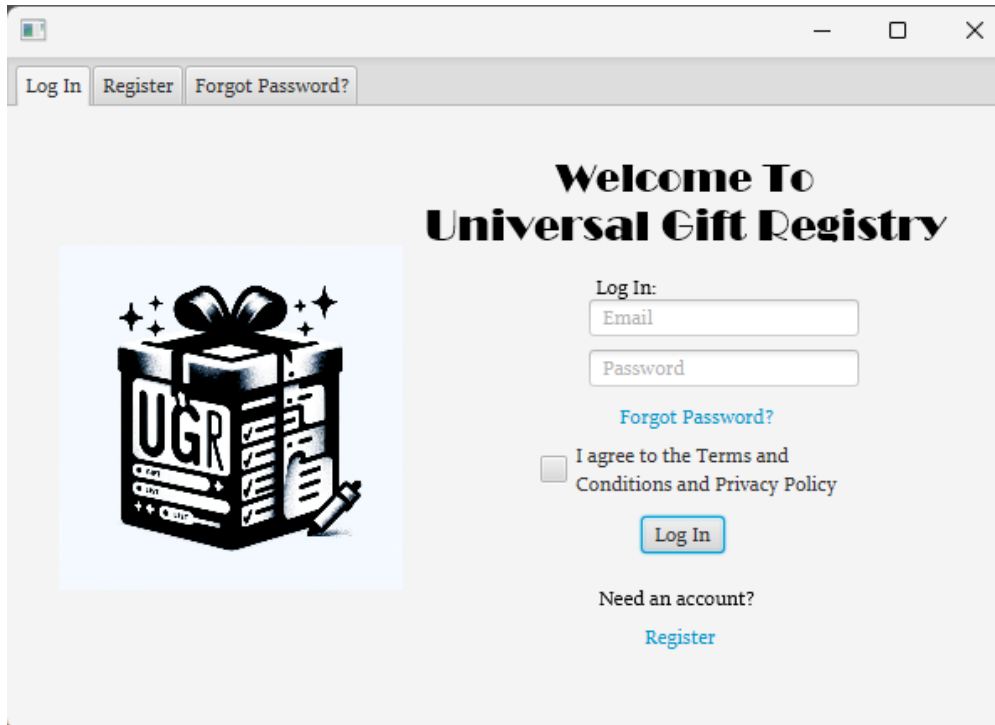

1. First, download the 'Install Package' zip folder and then extract it. You should see the file below.

2. Next, click on and launch either the 'universal_gift_registry-3.0.jar' or 'LaunchUGR.exe' file (depending on your system), which are circled below.

3. After completing these steps, the application will have been both downloaded and launched, and you will find yourself on the login page. Now, you're ready to either create a new account or log in to your existing one.

- After clicking on the link, you'll be directed to the register page. Here, you'll need to fill out all blank fields, select your state, agree to the terms of service, and finally, choose whether to make your address public on your registries.

- After completing the previous step, click the 'Register Account' button. This should direct you to the 'Security Question' page depicted below.

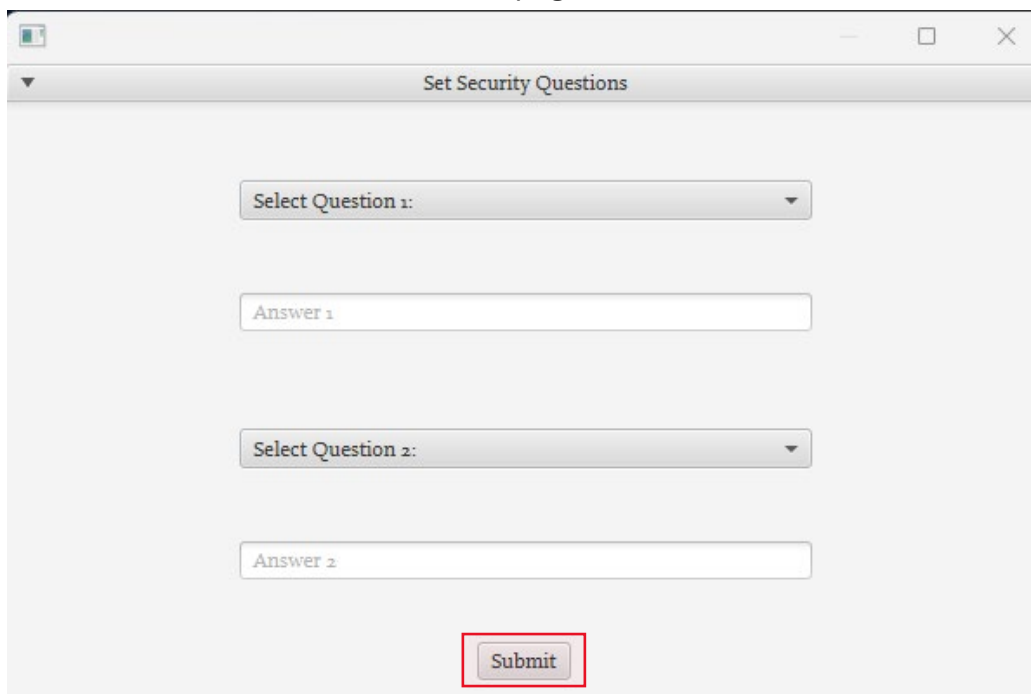

- Now that you are on the 'Security Question' page, select two different security questions from the dropdown boxes and then enter their corresponding answers in the blank fields below.

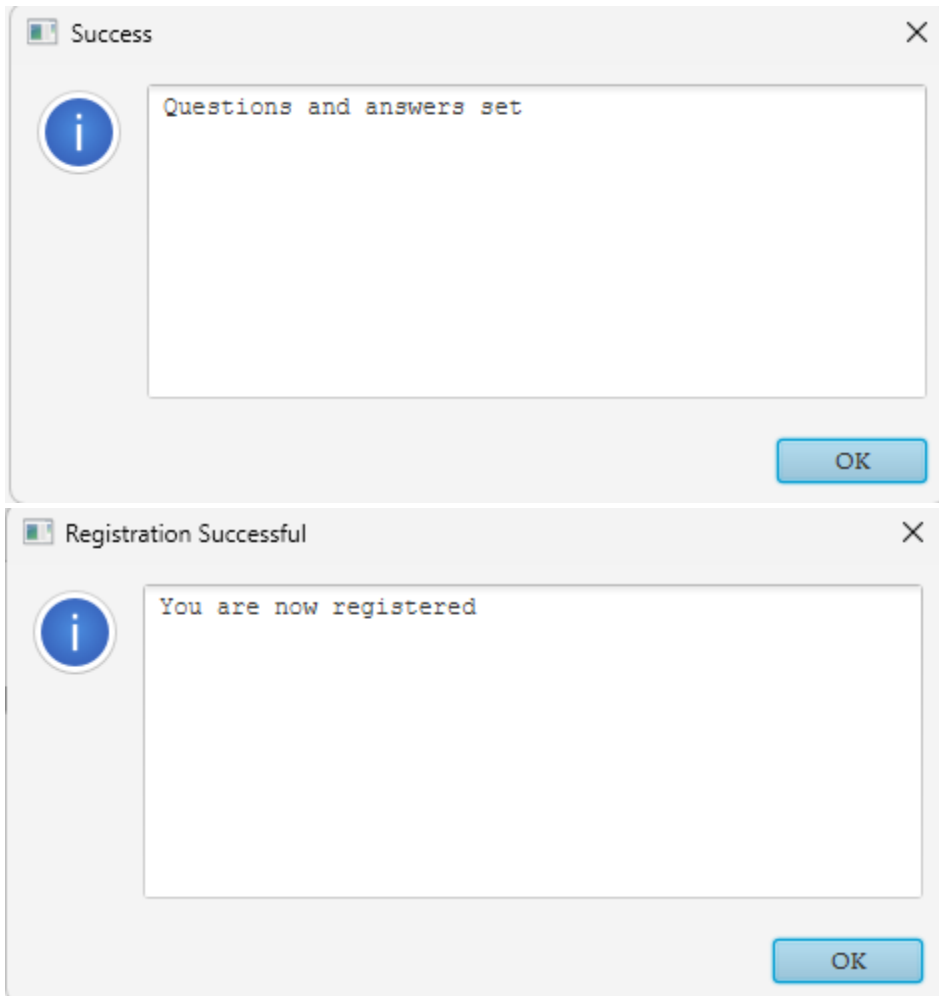

The screenshot shows a web browser window titled "Set Security Questions". Inside the window, there are four input fields arranged vertically. The first two are dropdown menus labeled "Select Question 1:" and "Select Question 2:". Below each dropdown is a text input field labeled "Answer 1" and "Answer 2" respectively. At the bottom center of the form is a "Submit" button. Red rectangular boxes are drawn around each of the four input fields (the two dropdowns and the two text boxes) to indicate where the user should interact.

- Now that you've selected your questions and entered your answers, click the "Submit" button at the bottom of the page.

This screenshot shows the same "Set Security Questions" page as the previous one. In this version, the "Submit" button at the bottom center is highlighted with a red rectangular box, indicating the final step in the process.

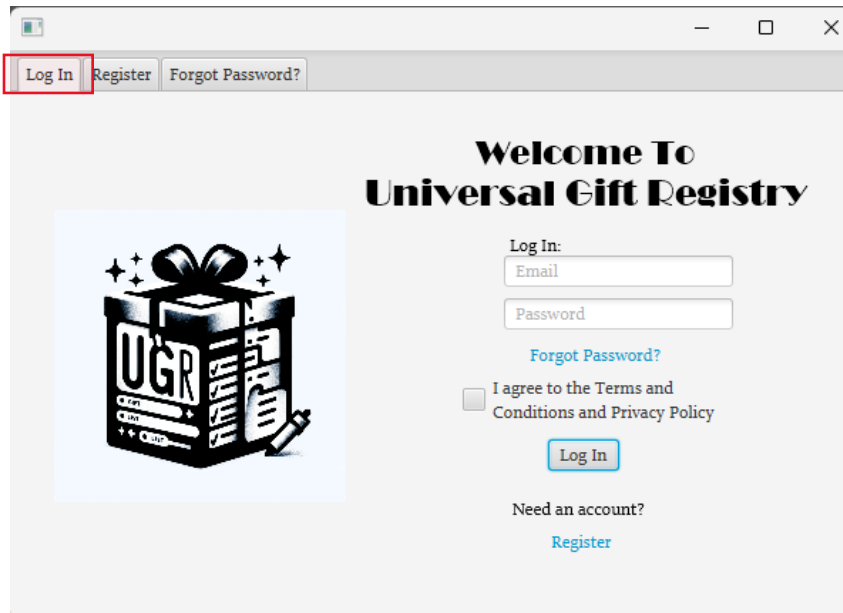

7. After setting and answering your questions, and submitting them, you should see these two pop-ups appear back-to-back.

8. After completing this process and closing both pop-ups, you are officially registered and can proceed to the 'Log In' page.

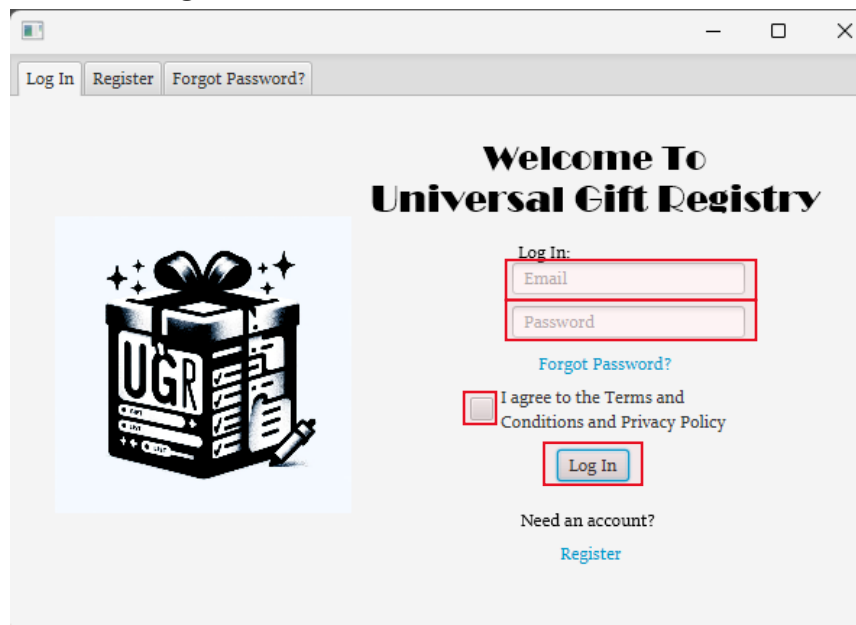

Logging In

1. To log in, navigate to the 'Log In' page which is also the landing page when launching the application. If you're not on the 'Log In' page, simply click the "Log In" tab located at the top of the application window.

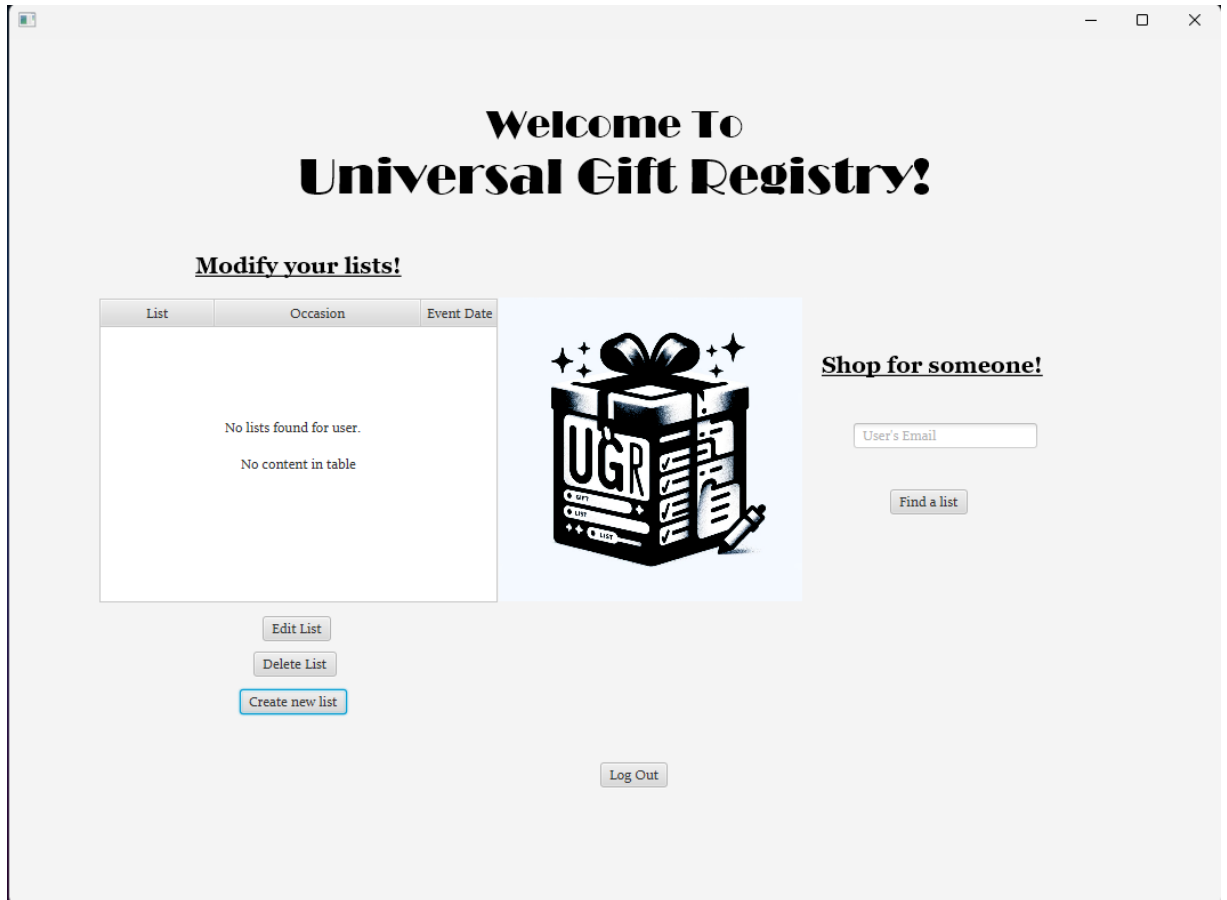

The screenshot shows a web browser window with three tabs: 'Log In', 'Register', and 'Forgot Password?'. The 'Log In' tab is selected and highlighted with a red box. The main content area features the heading 'Welcome To Universal Gift Registry' and a large illustration of a gift box with 'UGR' on it. To the right of the illustration is a login form with fields for 'Email' and 'Password', a 'Forgot Password?' link, a checkbox for 'I agree to the Terms and Conditions and Privacy Policy', and a 'Log In' button. Below the button is a link for 'Need an account? Register'.

2. On the "Log In" page, enter your email and password exactly as when you registered your account. Then check the box to accept our Terms and Conditions, and simply click the "Log In" button.

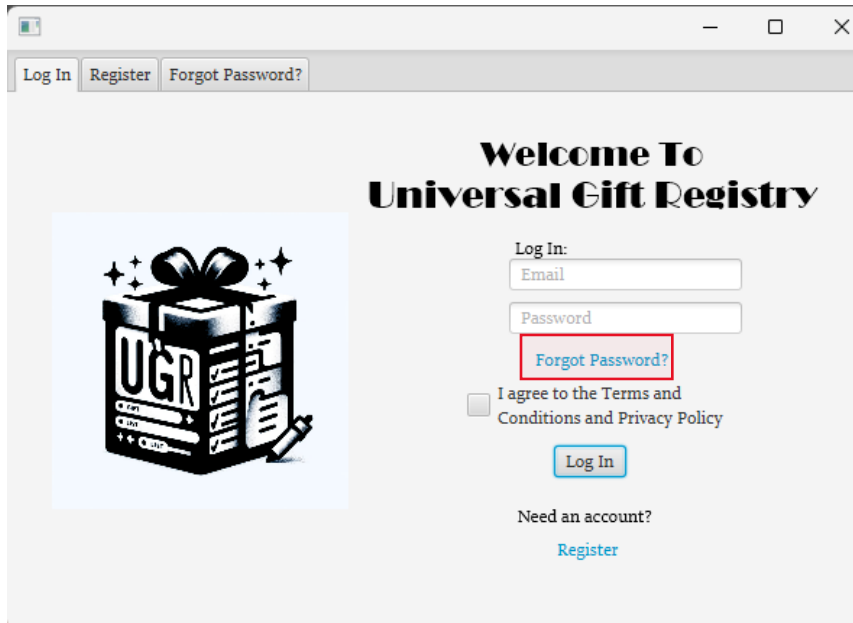

This screenshot shows the same login page as the previous one, but with red boxes highlighting the 'Email' and 'Password' input fields, the 'I agree to the Terms and Conditions and Privacy Policy' checkbox, and the 'Log In' button. The 'Log In' tab is still selected.

3. You should then be navigated to the 'Landing Page' depicted blow.

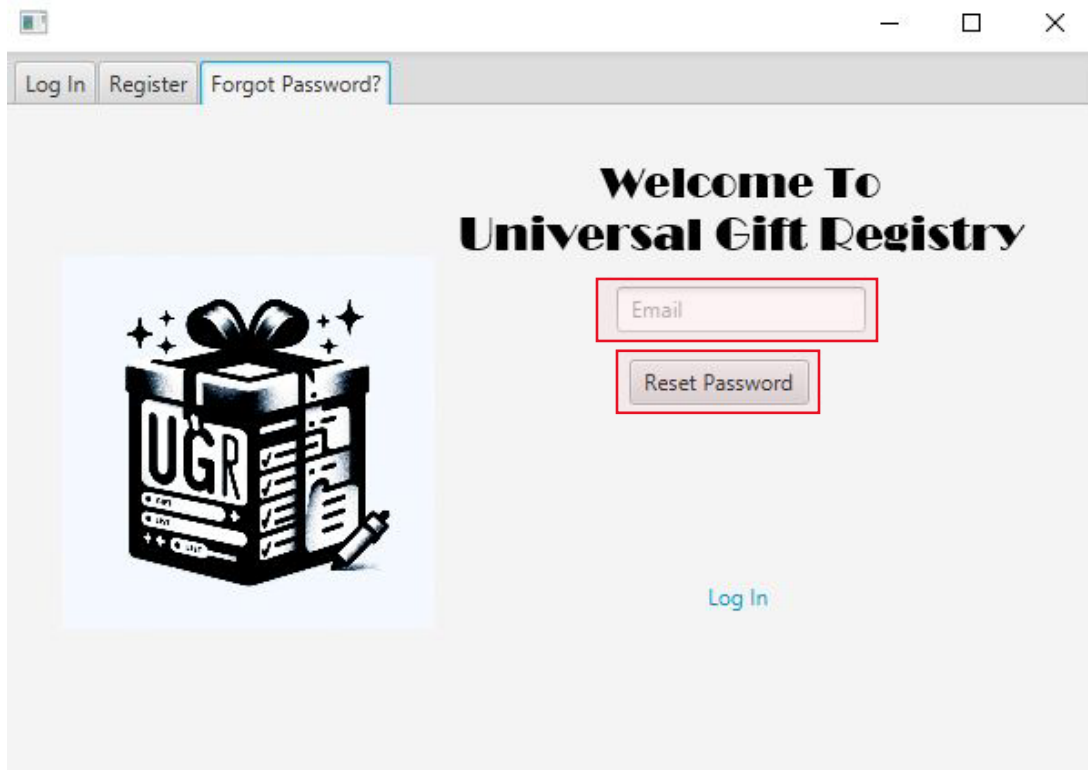

Resetting Your Password

1. To reset your password, navigate to the 'Log In' page and click the blue link labeled 'Forgot Password?'

A screenshot of a web browser window showing the 'Welcome To Universal Gift Registry' login page. The browser's address bar shows the URL 'http://localhost:3000/'. The page has a navigation bar with 'Log In', 'Register', and 'Forgot Password?' links. The main content area features a large gift box illustration on the left and a login form on the right. The login form includes fields for 'Email' and 'Password', a 'Forgot Password?' link (highlighted with a red box), a checkbox for 'I agree to the Terms and Conditions and Privacy Policy', and a 'Log In' button. Below the login form, there is a link for 'Need an account? Register'.

2. You will then be navigated to the password resetting page, which will contain an empty field labeled 'email'. Enter your email into this field and click the 'Reset Password' button.

5. A pop-up confirming your password change should appear. You can then proceed to log in using your new password.

Creating a List

1. After logging in and landing on the home page, click the button labeled 'Create new list' circled below.

2. You should then be navigated to the list creation page, where you will fill out the blank field to name your list, then select the occasion from the drop-down box below it. Additionally, you may specify the event date by clicking the small calendar box and selecting the date of the event, although this is optional.

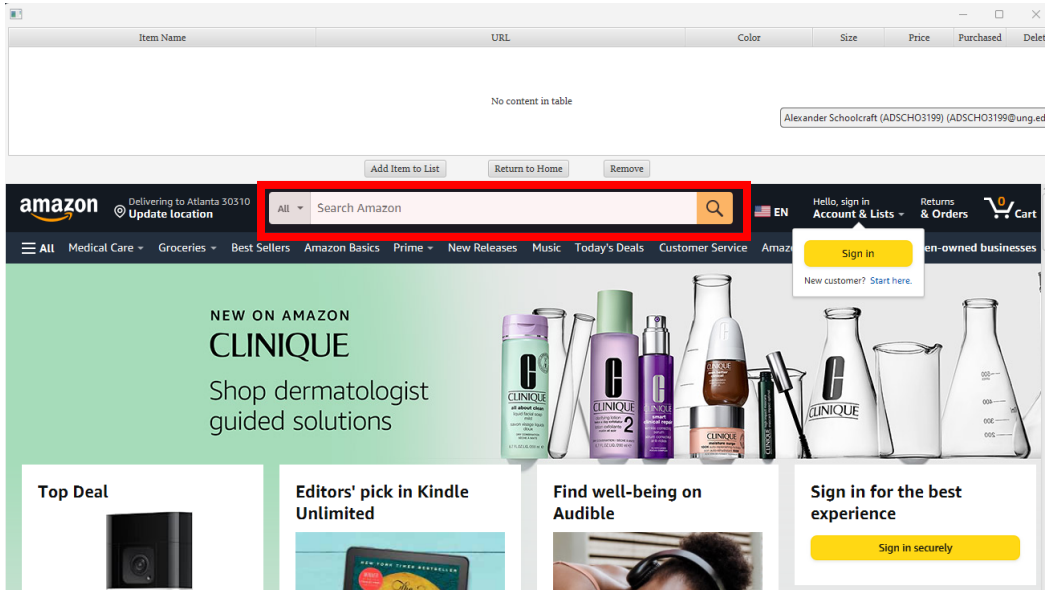

3. After filling out all necessary fields, simply click the 'Make List' button.

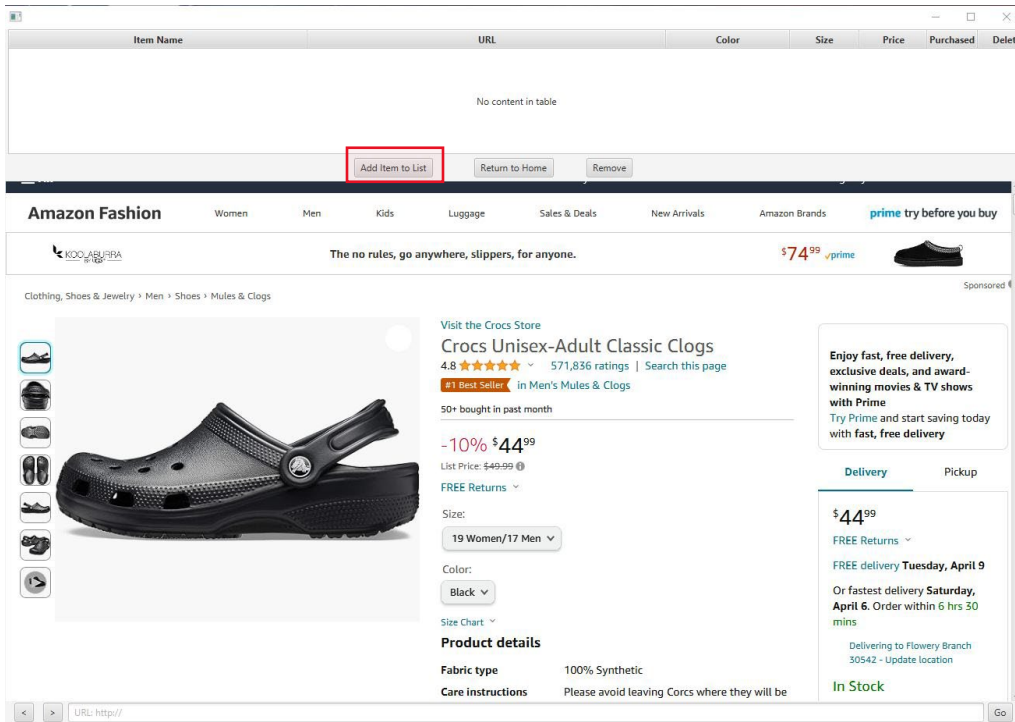

4. Finally, you should be taken to the home page of your new list, and your screen should resemble the depiction below.

Adding Items to Your List

1. First navigate to the home page of your list. Use the search bar circled below to navigate the Amazon webpage below.

2. Once you have found your desired item and it's page is loaded on the Amazon window, simply click the 'Add Item to List' button, and it should add the item to your registry.

- A popup will appear, and the item will now be visible in your list in the top of the screen, with all relevant descriptor fields autopopulated.

Success!
